

Are your employees...

at RISK?

2019 Workplace Safety

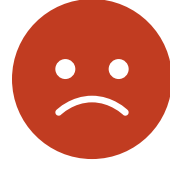

Today's Reality

32,020

of OSHA Federal Inspections in 2018

5,147

of workers who died in 2017 (latest OSHA report)

\$1 Billion

weekly cost to U.S. Companies as a result of workplace injuries

The "Fatal Four"

8%

The % of deaths in construction due to "struck by object"

7%

The % of deaths in construction due to "electrocution"

39%

The % of deaths in construction due to "falls"

5%

The % of deaths in construction due to "caught in-between"

582*

*Eliminating the "Fatal Four" would save 582 workers' lives in America every year

Tomorrow's Opportunity

#1

Safer Workplace = Safer Employees

Reduce the # of incidents by taking action before accidents happen

#2

OSHA Compliance & Transparency

Document the scene and capture information in one place for analysis and identification of corrective actions

#3

Real-time Reporting

Real-time management reporting & understanding to what's happening in your workplace with immediate access to incident reports

#4

Reporting Compliance: Ensure Accurate & Complete Documentation of Incidents

Use easy to understand mobile data capture w/ mandated fields

#5

Save MONEY

Reduce insurance premiums, avoid fines & penalties, minimize time away from job, get rid of paper forms and streamline processes

The Results

"The work we've done with MobileFrame's platform ensures our employees go home to their families safely each night. This can be a dangerous industry, but we're leading the way to reduce risk every day."

- Danny Murrow, Sumter Utilities Manager

SUMTER UTILITIES
A QUANTA SERVICES COMPANY

Raymond Handling saw immediate benefits after deploying their initial work ordering app, including self-funding of the effort in only a few months. Other benefits included:

- Increased workforce productivity by reducing required paperwork
- Increased data accuracy by eliminating duplicate data entry
- Reduced clerical data entry costs
- Automated work scheduling and assignments
- Significantly reduced accounts receivable lag time
